## Experience

### Andersen AFB Landfill

[June 2009 - August 2009]

I worked the summer of 2009 as a sanitation assistant at the Andersen AFB, Guam Landfill. I recorded the weighted amount of waste entering the landfill daily, and policed the area for stray refuse. I entered the job as a summer hire only working during the summer.

### Fairchild AFB Inns

[August 2012 - Current]

I currently work as a Housekeeper for the Fairchild Inn. I clean and maintain Temporary Lodging Facility rooms for the military guests. I focus on details and teamwork for this job, and I take pride in my work and good relations with coworkers.

## Education

### Cheney High School

[Graduate June 2011]

### Eastern Washington University

[September 2011 - Current]

I'm a current student in good standing at Eastern Washington University, working toward a major in Visual Communications Design and minoring in Computer Science. I'm looking forward to graduation in Spring 2016

## Skills

I've been associated with the Boy Scouts of America for more than 10 years. The BSA teaches survival skills, leadership skills, and various other outdoorsman abilities. I earned the rank of Eagle Scout by conducting a tree inventory as my final project, helping the city of Cheney become a Tree City granted by the Arbor Day Foundation.

The summer after my high school graduation I bicycled with my dad from Nova Scotia, Canada to Cheney, Washington. More than 3,700 miles in less than 3 months. It was a life changing experience and something I consider to be a self-improvement skill.
